Breanna Boyce at breanna@assocoffice.net

Join the Young Professional Leaders Group at our Winter Social, an event designed to bring together emerging professionals and students with an interest in the underground utility construction sector.

This gathering provides an excellent setting for expanding professional connections, exchanging insights, and strengthening collaboration within the industry. Attendees will also have the opportunity to learn about avenues for involvement, including initiatives that support workforce development and promote career pathways in underground utilities.

Enjoy appetizers and drinks while you network. This invitation is open to everyone!
