NUCA of Nebraska is Your Partner to Help You...

- Hire Employees
- Reduce Your Downtime and Costs
- Secure Infrastructure Funding and Reduce Regulatory Burdens
- Grow Your Business Through Connections with Fellow Utility Contractors, Suppliers and Industry Partners
- Build and Maintain a Culture of Safety and Train Your Employees on Field Operations and Administrative Operations
- Save Money through Group Health Insurance and Dividends Programs

Hire Employees – NUCA of Nebraska members have direct access to students at FFA and SkillsUSA events and Construction Career Days who are interested in trade careers. We help coordinate jobsite visits for students to see firsthand what you. We provide interactive videos with general salary and benefits information and career path options in the industry. NUCA of Nebraska members have direct access to students who are graduating from Central Community College's Heavy Equipment Operator Program in Hastings to offer them employment. Members have access to a guide and resources on how to successfully hire and retain veterans located in Nebraska.

Downtime and Costs – NUCA of Nebraska has secured two excavator member voting positions on the One Call Board. We are actively working on behalf of our members to improve enforcement of the One Call law and have built solid relationships with the Fire Marshall, his team, the state legislature and the Attorney General's office. We have a list of items being addressed to help ensure that users of the One Call system are accurately marking utilities and responding to locate requests according to required timelines and that penalties are enforced when stakeholders don't comply with the One Call laws.

Securing Infrastructure Funding and Reducing Regulatory Burdens – Through NUCA's lobbying efforts, Congress has authorized water and sewer infrastructure funding; authorized dollars for the Highway Transportation Fund; and supported career and technical education funding. We host jobsite tours in our state with lawmakers, host a networking reception with state senators; and testify at legislative hearings on issues impacting the underground utility construction industry.

Grow Your Business Through Connections with Fellow Members: The friendships and contacts you'll make with fellow NUCA members is invaluable to helping your business be successful. NUCA has social events including an Annual Golf Tournament and Clay Shoot.

Build and Maintain a Culture of Safety and Train Your Employees: NUCA helps members be at the forefront in promoting a culture of safety in their workplace. Training classes are offered on topics including Competent Person/ Confined Space; Crew Leader; OSHA compliance; safe operation and proper load securement for a CMV; proper vehicle maintenance records and annual inspections; tax and law updates; and onboarding employees.

Save Money through Group Health Insurance and Dividends Programs: NUCA members are eligible for the NUCA Advantage Program, which includes discounts on group health, vision, dental and keyman insurance and 401K plans. NUCA offers a dividend program through BITCO that helps your business mitigate its risks. Participants receive dividend based on a pool of available funds.
